

1 **REMARKS**

2 Amendment to the specification has been made to merely correct typographical errors and
3 remove duplicative information. No new matter has been added.

4 Also, formal replacement drawings are submitted herewith for all of the pending Figures in the
5 application. Specifically, Figures 2 through 4 (all on one sheet), 6, 8, 13 and 16 have been amended to
6 correct typographical errors. No new matter has been added.

7 Finally, applicant has amended the abstract to more concisely describe the present invention.
8 No new matter has been added.

Respectfully submitted,

Date: February 20, 2004

David M. Hill
